# Farrington's Butchery

## A cut above!

**Jon Thorner's Farrington's butchery stocks the finest locally reared West Country produce.**

New season lamb is a true herald of spring, and British lamb is acknowledged as some of the best in the world because our climate and pastures offer the perfect combination. The flavour develops as the season progresses, so at this time of year lamb is at its most delicate. When choosing lamb, look for firm pinkish meat with creamy white fat.

Lamb is an incredibly versatile meat, and very easy to cook. Insert sprigs of rosemary and slivers of garlic into a leg of lamb and gently roast and you have the perfect Sunday lunch. Marinate chops or steaks in a fresh mint sauce and pan fry for a delicious midweek meal.

Whether it's cooking tips or recipes, we're here to help so come and see the butchery team today!

## A slice of spring on the Deli!
